TeamBest COVID-19 RESPONSE: Best Medical International is committed to providing quality products at affordable cost to the healthcare community at this critical time.

Best Medical is taking steps to ensure timely delivery of products, and remain in communication with our valued customers. We have policies in place to protect employees and are taking steps to help contain the outbreak. We are in contact with our suppliers to make sure COVID-19 will not have adverse effect on supply of raw materials or manufacture of Best products. If we anticipate any delay in the delivery of our products, we will contact you either by email, phone or fax.

To ensure we are providing a safe and healthy work environment, we implemented policies following the guidance of the Centers for Disease Control (CDC)

and the World Health Organization (WHO), including cancelling all nonessential travel and discouraging staff from attending external events and conferences.

We are here to serve you. Should you have any questions or comments, please do not hesitate to contact us at info@bestmedical.com or by calling us at 703 451 2378.

Thank you for your continued support!

Best Medical International signed a Memorandum of Understanding with University of Wisconsin Medical Radiation Research Center (UWMRRC) to develop a Revolutionary Proton-to-Carbon Variable Energy, Single-Room expandable to Multi-Room, 400 MeV Ion Rapid Cycling Medical Synchrotron at their Madison, WI campus!

PRESS RELEASE (Summary) • January 30, 2020

Best Medical International and Best Particle Therapy of TeamBest Companies, have recently entered into a Memorandum of Understanding (MOU) with the University of Wisconsin Medical Radiation Research Center (UWMRRC).

University of Wisconsin and Best Medical are excited about the collaboration, as this brings much needed carbon ion therapy to Midwestern states such as Illinois, Wisconsin, Indiana, etc.
